

LIVE THE PROMISE

God's river of grace

Susie Larson on February 22, 2018

Are pieces of your past or circumstances of your present weighing you down? It is in those moments of weight and doubt that we need to remember that God's gift of grace is always fresh in our lives.

Singer and songwriter Christy Nockels shares the story of when she saw God's grace on full display in the life of her 10-year-old daughter, Annie-Rose.

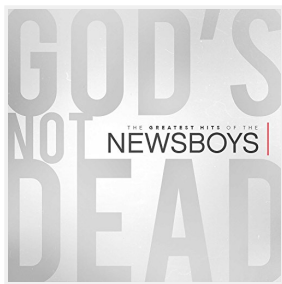

"She came to me one day and I could see in her face that she was carrying something in her heart that was heavy."

"We sat down and I just tried to tenderly pry a little bit to figure out what was wrong. I said, 'Hey, I feel like maybe you're carrying something in your heart that you maybe want to tell me.'"

Long story short, Christy's daughter Annie-Rose shared with her that she had seen something by accident on a phone.

"Innocently, just scrolling through something else, she saw something that was heavy on her and she was able to confess that to me, and then together we took that to Jesus."
